YEAR 7 NEWS

Brittany McIntosh

Year 7 Team Leader

WHAT A FANTASTIC FORTNIGHT IN YEAR 7! Students have settled into the swing of routines, reading timetables and getting to their classes.

Well done to all the students who attended and participated at the Swimming Carnival on Wednesday. Despite the cooler weather it was great to see students competing and enjoying the novelty events and getting points for their houses.

In Science this term we have been looking at safety, equipment and the Bunsen burners. Students have started to learn about how to safely light the Bunsen burner and will be getting their licenses next week, in anticipation for our first practical

experiments!

Looking forward we have GPA's next week. This is a great opportunity for young people to receive some feedback on how they are setting in and the learning habits they are displaying. Once GPA's are released, students are encouraged to have conversations with their teachers and set some goals for the rest of Term 1.

Communication has been sent home to families for Year 7 Camp which is the 2nd-4th April in Licola. More details will come over the coming weeks.

YEAR 10 CAMP

This week we met with the Year 10 students who are going on Year 10 Camp.

If you are going on camp but were not at school on Thursday, please take some time to talk to your friends who are going on camp and then complete the Google form which can be found at the link below.

<https://forms.gle/mhiciFtW9AGs3cAm6>

ACHIEVEMENT

This week, the Year 10 students continue to excel with their positive attitude to their learning. In the last week we have again seen over 700 positive learning behaviour entries for Year 10 students on Compass. Well done and keep that momentum going.

GPA's

Next week we see the first GPA cycle for the year as well as the first GPA cycle with our GPA Rubric that has a focus on Active Learning, Growth Mindset and Self-Regulation. The students have been reviewing the new rubric with their teachers and it is great to see the students embrace the change and can see the value in the feedback they will receive from their teachers.

VCE NEWS

Yvette Staple
VCE Team Leader

VCE YEAR 12

Today in Pastoral, the Year 12 VCE students walked to the Port of Sale.

During the session the challenge was to connect and communicate with each other. Find people who you have no VCE classes with and share what made them pick on of their subjects and some future goals. We also shared conversations around good mental health practice and enjoying the simple pleasures of going for a walk to; destress, appreciate your surroundings and your friends .

YEAR 11 OUTDOOR AND ENVIRONMENTAL STUDIES class recently went on a day walk/ river journey to the great Avon river. The class floated down from Stratford bridge to the Knob reserve, before exploring the reserve to understand key knowledge 'Indigenous and non Indigenous ways of knowing and understanding outdoor environments'

VOCATIONAL NEWS

Jayne Hopgood

Vocational Team Leader

YEAR 11

Year 11 VM students have been spending two periods a day participating in "Project". Each week, students will spend two periods a week participating in hands-on learning, including Sport, Community Service and Woodwork. Each term, students will rotate areas, ensuring they can engage in new opportunities outside the classroom. This past week, Ms Vowell's class spent time in the kitchen baking breakfast bars using ingredients from our school's foodbank. Some of these bars were taken home while others were distributed to students and staff during the Swim Carnival.

YEAR 12

Year 12 VM students have begun working on projects for Work Related Skills (WRS) and Personal Development Skills (PDS). In Miss Stevens' PDS class, students have started packing bags of pantry essentials for families in our school community. These bags are free to collect during office hours from the Macalister Campus reception – no need to ask, just take.

In Ms Vowell's WRS class, students have started weeding the front gardens in preparation for replanting. Succulents from the veggie garden will be moved out front. This will make room for students to plant herbs and vegetables using seeds propagated from the Seed Garden. Food grown in our garden will be available for families alongside our pantry bags, and will also be used in cooking classes.

ARTS NEWS

Brigitte Krstic
Arts Team Leader

THE ARTS DEPARTMENT AT SALE COLLEGE has kicked off the year with an abundance of creativity, and we're thrilled to see so many students embracing the opportunities in the Arts! Whether it's through Visual Arts, Design, or other creative endeavours, the passion and enthusiasm in our classrooms are truly inspiring.

We're excited to welcome back 2025 Arts Captain, Opal Michie, who is already making an impact with her active involvement in the Arts community at Sale College. Opal is engaging with students and the Arts team, offering valuable insights and contributing to the creative atmosphere. We can't wait to see the many exciting initiatives she will bring throughout the year, starting with an

engaging term-based colouring competition!

Students at Macalister Campus are invited to pick up a colouring competition sheet from either myself or any of the Art teachers. This fun and relaxing activity will showcase your creative flair, and we encourage everyone to participate. Plus, there is also a sweet prize for the winner of each category; Subject, Landscape and Pattern.

For our Visual Arts students, we are also excited to offer additional support. The Art room will be open on Fridays for students to continue working on class projects, explore personal creative ideas, or even complete your colouring competition entry. This open studio time is a wonderful chance to develop your skills and immerse yourself in the creative process.

It's shaping up to be a fantastic year for the Arts, and we look forward to seeing how our students continue to shine!

In other news: Tamika and Levinia are excited to work closely with all our students, offering comprehensive support in careers and pathways. They will be leading in-class activities, guiding students through work experience opportunities, assisting with Tax File Number (TFN) and Unique Student Identifier (USI) applications, and conducting resume writing workshops. Additionally, they will be hosting career and job expos to further enhance students' career readiness and prospects.

PRIVACY COLLECTION NOTICE

The Department of Education and Training (the Department) values your privacy and is committed to protecting the personal and health information that schools collect.

All school staff must comply with Victorian privacy law and the Schools' Privacy Policy. This notice explains how the Department, including Victorian government schools (schools), handles personal and health information. On occasion, specific consent will be sought for the collection and use of information, for example, for a student to receive a health service. Our schools are also required by legislation, such as the *Education and Training Reform Act 2006*, to collect some of this information.

Throughout this notice, 'staff' includes principals, teachers, student support service officers, youth workers, social workers, nurses and any other allied health practitioners, and all other employees, contractors, volunteers and service providers of the school and the Department.

On enrolment, and during the ordinary course of a student's attendance at a school, schools will collect information about students and their families for the following purposes:

- educating students
- supporting students' social and emotional wellbeing, and health
- fulfilling legal obligations, including duty of care, anti-discrimination law and occupational health and safety law
- communicating and engaging with parents
- student administration
- school management
- supporting policy in relation to student education and wellbeing.

If this information is not collected, schools may be unable to provide optimal education or support to students or fulfil legal obligations.

For example, our schools rely on parents to provide **health information** about any medical condition or disability that their child has, medication their child may take while at school, any known allergies and contact details of their child's doctor. If parents do not provide all relevant health information, this may put their child's health at risk.

Our schools also require current, relevant information about all **parents and carers** so that schools can take account of safety concerns that affect their children. Parents should provide schools with copies of all current parenting plans and court orders about or that affect their children and provide updated copies when they change.

When parents enrol their child in primary school, they will be asked to provide personal and health information in several ways, including via the Enrolment Form, the School Entrance Health Questionnaire (SEHQ) and the Early Childhood Intervention Service (ECIS) Transition Form.

The **Enrolment Form** is used to collect information that is essential for the purposes listed above, and requests information such as:

- **Emergency contacts** – Individuals parents nominate for a school to contact during an emergency. Parents should ensure that their nominated emergency contact agrees to their contact details being provided to the school and that they understand their details may be disclosed by the Department if lawful, e.g. in the case of emergency communications relating to bush fires or floods.
- **Student background information** – Information about country of birth, Aboriginal or Torres Strait Islander origin, language spoken at home and parent occupation. This information enables the Department to allocate appropriate resources to schools. The Department also uses this information to plan for future

educational needs in Victoria and shares some information with the Commonwealth government to monitor, plan and allocate resources. • **Immunisation status** – This assists schools to manage health risks and legal obligations. The Department may also provide this information to the Department of Health and Department of Families, Fairness and Housing to assess immunisation rates in Victoria, but not in a way which identifies students.

• **Visa status** – This is required to process a student’s enrolment.

All schools may use departmental systems and online tools such as apps and other software to effectively collect and manage information about students and families for the purposes listed above.

When schools use these online tools, they take steps to ensure that student information is secure. If parents or carers have any concerns about the use of these online tools, please contact the school.

School staff will only share student and family information with other school staff who need to know to enable them to educate or support the student as described above. Information will only be shared outside the school (and outside the Department) as required or authorised by law, including where sharing is required to meet duty of care, anti-discrimination, occupational health and safety, and child wellbeing and safety obligations. The information collected will not be disclosed beyond the school and Department without parent consent unless such disclosure is lawful.

When a student transfers to another school (including Catholic, independent and interstate), personal and/or health information about that student may be transferred to the next school. Transferring this information is in the best interests of the student and assists the next school to provide the best possible education and support to the student. For further detail about how and what level of information is provided to the next school, refer to the: [Enrolment: Student transfers between schools](#)

Schools only provide school reports and ordinary school communications to students, parents, carers or others who have a legal right to that information. Requests for access to other student information or by others must be made by lodging a Freedom of Information (FOI) application.

To update student or family information, parents should contact their school.

For more information about how schools and the Department collect and manage personal and health information, or how to access personal and health information held by a school about you or your child, refer to the: [Schools’ Privacy Policy](#)

PERSONAL PROPERTY

REMINDER – The Department (which includes our school) does not have accident insurance, items of personal property that are lost, stolen or damaged at school is not the responsibility of Sale College or the Department. Staff and students are reminded not to bring items of value to school.
